LaserJet Pro MFP M125nw

Top left section of the shelving unit. It features several green plastic storage bins, some labeled "SIEMENS". To the right of these bins is a cardboard box with handwritten text: "PROXY EUBANA", "P.N.P.", "TIPO NUOVO", and "EUBANA".

Second shelf from the top left. It contains various small electronic components, boxes, and a small brass bell. A box labeled "TeSys" is visible on the left.

Third shelf from the top left. It holds several cardboard boxes, some labeled "EUBANA", and other miscellaneous items.

Fourth shelf from the top left. It contains a large cardboard box labeled "PRESE-C 220/380" and other smaller boxes and components.

Fifth shelf from the top left. It features several boxes labeled "legris" and other electronic components.

Bottom section of the shelving unit. It is filled with various cardboard boxes, some labeled "L-TEC", and other miscellaneous items.

Top right section of the shelving unit. It contains several boxes labeled "SECO" and "SIEMENS SIMATIC S5".

Second shelf from the top right. It holds various electronic components, boxes, and a small orange box labeled "OMRON".

Third shelf from the top right. It contains several large coils of yellow and green cables, along with other electronic components.

Fourth shelf from the top right. It features several cardboard boxes labeled "FLESS. RALL. VARIE", "Ø 25", and "Ø 20".

Fifth shelf from the top right. It contains various electronic components, boxes, and a large coil of yellow cable.

Bottom section of the shelving unit. It is filled with various cardboard boxes, some labeled "L-TEC", and other miscellaneous items.

Right side of the image. It shows a large blue bucket in the foreground, a white plastic container, and a large cardboard box labeled "Mec Box 3" and "a International 30". There are also several large coils of black and brown cables hanging on the wall.
